

STEAM

Music: Steam
Ty Herndon

Choreographer: Judy McDonald

This is a **two-wall** line dance. Start with the lyrics, however you can do two rounds of the last 8 counts of the dance after a 16 count intro (how's that for confusing?!?!?). Also, when doing this dance to "Steam" you will need to leave off the last 16 counts when you do the dance for the 5th time, so do a "kick ball change" instead of a "kick step touch."

- R hip bumps x 2, L coaster step with ¼ turn left** 1&2 3&4
(step R and bump hips twice {1&2}, step L behind right making ¼ turn left, step R beside left, step L forward)
- R step forward, pivot ½ turn L, R hip bumps x 2** 5 6 7&8
(step R forward, pivot ½ turn L keeping weight on right, bump hips R twice {7&8})
- L step lock back, L heel jack** 1&2&3&4
(step L back crossing in front of right, step R back, step L back crossing in front of right—*{body will angle slightly right}*, step R back keeping right angle, touch L heel forward, step L to original position, step R to original position—*{your feet will be in the "locked" position}*)
- Bounce heels x 2 and unwind ½ turn, heels out, heels in, toes in** 5
6 7&8
(bounce heels twice while unwinding ½ turn to right—*{feet will now be "unlocked"}*, twist heels apart, twist heels together, twist toes together)
- R side touch, R together, heels together, toes together, heels together** 1 2 3&4
(touch R to side, step R beside left—*{you can do this by leaning out to the right and pushing off the right to bring it back beside the left}*, alternate toe and heel splits while moving right so heels are together first, then toes, then heels)
- L side touch, L together, heels together, toes together, heels together** 5 6 7&8
(touch L to side, step L beside right—*{you can do this by leaning out to the left and pushing off the left to bring it back beside the right}*, alternate toe and heel splits while moving left so heels are together first, then toes, then heels)
- R kick, R step, L touch, L kick, L step, R touch** 1&2 3&4
