

This is a **32 count, two-wall contra** line dance. Start with lyrics (16 count intro). Using this song, you get a bonus 16 counts as outlined below! With two lines facing each other to start, they will pass through each other during the first 16 counts. The rest of the dance will shift them over, so they may not pass through the same people the next time, so don't get hung up on going through the same people every time. Just keep movin' and have fun!

Bonus 16 counts!

After the 3rd time you do the dance, there is a 16 count bridge. Just do the first 8 counts going forward, and the next 8 counts backing up. This way, you fill in the bridge and then you can start the dance from the beginning again.
