For the BIG finish...

At the end of the song, you will be facing the back and will have done the last step of the dance. When you cross your right over left, unwind to the front while sliding your arms up your body to reach up in the air...listen to the lyrics...she's saying “my body's too bootylicious for you baby”...so work with it!

***BONUS 16 COUNT INTRO**

To start the dance after only 16 counts, do the 16 counts marked above with *. Instead of stepping left on the last count, just do a touch so you can start the dance with your left foot.

Then, start the dance at the beginning where you would normally start it. Have fun!
